

We are LAMDA Development S.A., a holding Company, member of the Latsis Group, specializing in the Development, Investment and Management of Real Estate, listed on the main market of the Athens Exchange.

We are proud to be a leader in the Retail Real Estate sector in Greece, with successful projects in the office and residential sectors!

Our portfolio includes The Mall Athens & Golden Hall in Athens, Mediterranean Cosmos in Thessaloniki, office buildings, innovative residential complexes and, the Flisvos Marina in Faliro.

In 2014, LAMDA signed the contract with the Greek state for the acquisition of the shares of the "Hellinikon SA". The project includes all the land area of the old Athens airport and the coast front, totaling 6,2 mil sq. m. and will be the largest urban regeneration investment ever in Greece.

This investment will include a diverse range of residential communities, hotels, shopping centers, family entertainment venues, museums and cultural venues, health and wellness centers, significant space for sports and recreation, a modern business park with an educational and R&D hub as well as the total regeneration of the existing marina and the entire Coastal Front that will, along with the Park, will be the major attractions of the site.

In Greece, we are currently a team of about 200 colleagues, located in Athens and in Thessaloniki.

We constantly try to create an environment that promotes employees' professional growth, based on the principles of attracting, developing and retaining human capital, offering equal opportunities to everyone.

To meet current corporate needs, we would like to bring to our team a

Construction Manager

The Hellinikon Project

Reference code: CONMH

The Construction Manager will be reporting to the Chief PM & Construction Officer.

Our new colleague in this position, remains focused on construction project delivery requirements including: budget, schedule, quality, health & safety. Apart, however, from the solid technical aspects required for this role, the ideal candidate for this position clearly exhibits leadership abilities & understands and enjoys team building.

In detail, the Construction Manager, will be responsible for the following aspects of the Hellinikon Project:

- Ensures compliance with quality, schedule and budget for all construction projects
- Provides specific input into regular monthly reports for the overall construction program status, including specifics related to for each individual project or sub-project
- Responds promptly to all significant safety & quality control issues in order to maintain compliance with agreed standards
- Closely follows schedule and budget issues to avoid and/or recover any lost time or budget impact
- Supervises, mentors, directs and supports individual project management team members

You will be a successful candidate for our opening, if you can identify yourself with the following criteria:

Academic Qualifications:

- A B.S. Degree in Engineering or Construction Management
- Appropriate certifications and industry affiliations relevant to education and experience

Professional Experience:

- Minimum of 15-20 years of practical construction related experience which included direct supervision of specific trade subcontractors
- Direct involvement and support of the procurement/tender process, including development/refinement of contract forms, as well as a thorough understanding of the change management process
- Strong involvement in the coordination of design documents with trade specific shop drawings during the construction process
- The ideal candidate can demonstrate progressively advancing roles that have led to direct support of multi-national teams consisting of in-house staff as well as consultants, all working as a team on 500 million+ projects
- Exhibits clear and visible leadership abilities, is a good listener with solid motivation skills
- An individual who understands how to keep team members focused on the project goals i.e. delivery, quality, health & safety, etc.

Our Company offers:

Our vision is to bring to life the largest urban regeneration project in Europe. So we need to attract the most talented people in our industry & offer all the necessary means and procedures to support them, not only to fill their job description but also to rise above and beyond expectations!

Thus, we do provide:

- A passionate working environment
- A competitive compensation package according to professional experience, combined with additional benefits
- An exceptional opportunity to work and develop in one of the most challenging projects in Greece!
