

We are LAMDA Development S.A., a holding Company, member of the Latsis Group, specializing in the Development, Investment and Management of Real Estate, listed on the main market of the Athens Exchange.

We are proud to be a leader in the Retail Real Estate sector in Greece, with successful projects in the office and residential sectors!

Our portfolio includes The Mall Athens & Golden Hall in Athens, Mediterranean Cosmos in Thessaloniki, office buildings, innovative residential complexes and, the Flisvos Marina in Faliro.

In 2014, LAMDA signed the contract with the Greek state for the acquisition of the shares of the "Hellinikon SA". The project includes all the land area of the old Athens airport and the coast front, totaling 6,2 mil sq. m. and will be the largest urban regeneration investment ever in Greece.

This investment will include a diverse range of residential communities, hotels, shopping centers, family entertainment venues, museums and cultural venues, health and wellness centers, significant space for sports and recreation, a modern business park with an educational and R&D hub as well as the total regeneration of the existing marina and the entire Coastal Front that will, along with the Park, will be the major attractions of the site.

In Greece, we are currently a team of about 200 colleagues, located in Athens and in Thessaloniki.

We constantly try to create an environment that promotes employees' professional growth, based on the principles of attracting, developing and retaining human capital, offering equal opportunities to everyone.

To meet current corporate needs, we would like to bring to our team a

Security Manager

The Hellinikon Project

Reference code: SMH

The Security Manager will be reporting to the Chief PM & Contraction Officer.

Our new colleague in this position, exhibits a personal, as well as professional, commitment to ensuring the Security & Safety of all persons who enter the workplace environment. This includes safeguarding facilities, equipment and personal property within the project site. The ideal candidate for this position, clearly comprehends the unique and specific security and safety risks in an active construction site.

In detail, the Security Manager, will be responsible for the following aspects of the Project:

- Establishes, in collaboration with the executive management team, the appropriate site security plans including specific requirements (i.e. personnel, technology and equipment) and ensures the safety and security of all people (i.e. pedestrians, workers, and visitors) who enter the boundaries of the project site. The security plans would also include safeguarding property and equipment from potential and deliberate vandalism or destruction
- Provides support and expertise for the procurement of qualified security consultants and providers
- Monitors and evaluates the performance of security providers & reports on any deficiencies that may put the project at risk related to security issues
- Follows closely security related risks and potential threats that occur beyond the worksite, and which may have an impact on the project. Reports, on a daily basis, the status of all current and potential risks along with recommended actions
- Establishes and maintains close and constant communications with relevant local and government authorities who are able to provide updates on security issues and risks

You will be a successful candidate for our opening, if you can identify yourself with the following criteria:

Academic Qualifications:

- Ideally, a Degree in Business, Engineering or Construction Management
- Certifications: Appropriate certifications and industry affiliations relevant to education and experience

Professional Experience:

- Minimum of 10-15 years of practical security control and enforcement, including 3-5 years of large construction site security access control experience
- Demonstrated personal and professional commitment to enforcing site security policy via observation, reporting and providing training as necessary
- Minimum of five years' experience providing oversight of independent third-party security patrol and control teams
- Demonstrated working familiarity with most current security technology and equipment, including access control for large construction sites
- Progressively advancing roles that have led to direct support of multi-national teams consisting of in-house staff as well as consultants working as a team on 500 million+ projects
- Exhibits clear and visible leadership abilities: he or she is indeed a good listener with strong motivation and training skills
- On a personal side, the ideal candidate would be an individual who understands how to keep team members focused on the project goals i.e. delivery, quality, health & safety, etc.

Our Company offers:

Our vision is to bring to life the largest urban regeneration project in Europe. So we need to attract the most talented people in our industry & to offer all the necessary means and procedures to support them, not only to fill their job description but also to rise above and beyond expectations!

Thus, we do provide:

- A passionate working environment
- A competitive compensation package according to professional experience, combined with additional benefits
- An exceptional opportunity to work and develop in one of the most challenging projects in Greece!
