Financial Statement

Message from the CEO

Dear Shareholders,

2016 was the 3rd consecutive year of growth in our financial performance, confirming LAMDA Development's leadership in the retail real estate sector. We managed to increase retail EBITDA by 12.7% to €33.8 million, which is the highest achieved in the Company's history.

Performance in 2016

Shopkeeper's turnover in our shopping centers, The Mall Athens and Golden Hall in Athens and Mediterranean Cosmos in Thessaloniki, increased further by a 2.9% in 2016 continuing a path of positive turnover growth since the second semester of 2013.

It is also impressive that in 2016 there was a further increase in average spending per visitor in our malls by 2.1%. Our centers also continue to operate at full occupancy (99%) reflecting the satisfaction of existing tenants and the constant demand from potential tenants.

The unique and innovative propositions that we have established as part of the "consumer

Odiseas Athanasiou,
Chief Executive Officer

experience", provide a sound and stable base for the future in order to continue increasing our market share, develop opportunities for further EBITDA growth and as a result improvements in asset valuations.

Another positive development is the stabilization of our Shopping Centers' fair value following six years of continuous decline, mainly due to yield increases reflecting country risk. In 2016 fair value losses were reduced to €5.3 million from €18.5 million the previous year.

Total NAV reached €408.3 million at the end of the year (€5.22 per share), while the group cash position reached €117.5 million.

Consolidated total debt stands at €403 million at an average interest rate cost of 4,7% and net loan to value ratio of 41,2%, reflecting a sound capital structure.

Significant Developments in 2016

During 2016 we continued our efforts in progressing with our growth strategy and investment plans, namely, the development of the remaining IBC building, evaluating new attractive investments mainly in retail real estate and, of course, the development of the Hellinikon project.

The permitting process for the development of the remaining IBC building is progressing positively and has reached the final stage of the process. It will include - amongst others - an Olympic Museum and a large family entertainment venue, anticipated to enhance the standards of family entertainment in Athens. The budget is expected to reach €25 million and it will create more than 500 new jobs.

As regards the development of the former airport, the Hellinikon project, on September 21st the Amended Sale and Purchase Agreement was ratified by the Greek Parliament, giving the green light for the permitting process to begin.

Despite these positive developments, the permitting process has delayed but we are in communication with the State authorities in order to expedite necessary procedures.

Significant Developments in 2017 to date

In April 2017, in accordance with our strategy towards strengthening our position in the retail real estate sector, we established a new subsidiary, LAMDA MALLS S.A., in which we contributed the full participation in our subsidiaries that own Golden Hall and Mediterranean Cosmos Shopping Centers.

At the same time we created a strategic partnership with Värde Partners in LAMDA MALLS, initially with Värde acquiring 31.7% stake and also by committing significant amounts for new investments in Greece that can grow LAMDA MALLS to become a very large and important retail real estate investment company by international standards.

This agreement is a milestone for our company as it marks new growth prospects, leads us to a new era of investments and strengthens our innovative vision.

Going Forward

Our company has a proven rich track record of investing in the Greek economy, even during the period of economic crisis and uncertainty, with tangible examples, such as the acquisition of the remaining 40% ownership of Mediterranean Cosmos in 2010 for €80 million, the acquisition in 2013 of the usufruct right of the IBC building (Golden Hall) for €81 million, the successful capital fundraising by means of €150 million share capital increase in July 2014 and of course, the winning bid for the development of the old airport - Hellinikon project signed in November 2014.

With regard to the Hellinikon project, despite the unfortunately long delays attributed to various state administration levels, we remain without doubt committed and ready to commence project development activities as soon as the conditions precedent are fulfilled by the Greek State as per the contract.

The development of the old Athens airport area will be the largest urban development in Europe, with a total budget of €8 billion and will have an unprecedented positive impact on employment and tourism in Athens while generating a highly positive environmental

impact given the 2 million sq.m. Metropolitan Park to be constructed.

In addition to maintaining our exceptional operating performance in our shopping centers, we have already and shall further be aggressively exploring through LAMDA MALLS various opportunities to maximize our leading position in the retail real estate investment sector in Greece.

An important pillar of our strategy as far as the retail real estate is concerned, is the consumer's shopping experience. Lamda Development is responding by investing in our shopper's engagement.

Each visit is an opportunity to better serve our shoppers and provide a unique, elevated experience that builds loyalty and drives return visits.

With regard to our share price performance in the Athens Exchange in 2016 the stock price increased by 20% and significantly outperformed the ATHEX Composite Share Price Index which grew by 2%.

Dear Shareholders,

Despite the difficult economic conditions in Greece we have proven our resilience and persistence in taking up the challenges, opportunities and risks with a positive view for the future.

We remain confident that, based on our long built knowhow and ever increasing market share, the recent impressive record bottom line results, our strong international partnerships and leading Company position in our sector, we shall continue to successfully manage our business and offer value growth prospects to our shareholders.

Our main shareholder, Consolidated Lamda Holdings, continuous to provide its overwhelming support and, together with all shareholders support, we are confident that we shall continue to succeed in attaining our common goals.

Again, I would also like to take this opportunity to thank our employees for their hard work, exceptional performance, commitment and enthusiastic support in sharing this common vision.

On behalf of the management and company employees, I want to thank you for the trust you have placed in us.

Odisseas Athanasiou,
Chief Executive Officer

Financial Performance

EBITDA from our three Shopping Centers posted an increase of 8% reaching €43 million in 2016. Total EBITDA, before valuations attributed to the Group, reached €33.8 million, posting an increase of 12.7% compared to last year, a performance that reached a record of operational profitability in our company's history, despite the prevailing adverse economic environment in our country.

The positive performances of our Shopping Centers continue throughout their life time to date consistently surpass the performance of the total retail market in Greece. In 2016 our Shopping Centers posted a 2.9% increase in shopkeeper sales while the corresponding retail index nationwide was negative 0.5%.

Average occupancy levels remain very high approaching 99%, commercial interest for retail spaces remains vibrant and total customer visits continue their upward trend, reiterating one more year that our shopping malls consistently and overwhelmingly win the preferences of the consumer public resulting in gaining market share. Shopkeepers continue to

enjoy ample support via marketing, promotional and communication activities which procure increasing turnover and satisfactory customer visits.

Operational profitability of The Mall Athens reached €26.5 million showing a remarkable increase of 7.7%. It is worth noting that shopkeepers' turnover and customer visits were increased by 1.3% and 1.4% respectively.

Operational profitability of Mediterranean Cosmos in Thessaloniki posted an increase of 6.6%, reaching the level of €14.5 million. Shopkeepers' turnover was increased by 3.7%, while the center is almost fully occupied, at 99%.

Golden Hall annual operational profitability reached €15.2 million, resulting also in a remarkable increase of 9.4%. Shopkeepers' turnover as well as customer visits in Golden Hall were increased by 4.7% and 1.9% accordingly.

All the above-mentioned indicators reaffirm the leading status of our shopping centers in the retail market and their strong resilience to the unfavorable domestic economic environment.

Our shopping centers' fair values recorded stabilization in 2016, following six years of continuous valuations decline, mainly due to a long period of increasing valuation yields.

Fair value losses have been reduced to 5.3 million from 18.5 million in 2015 and we are of the opinion that valuation cap rates have reached their peak in the valuations of the Group's investment property at fair market value, currently at an average net initial yield of 8.9%. Property valuations are undertaken by the chartered surveyors Savills Hellas per semester.

Our office buildings also enjoy high occupancy levels and continue to have a positive contribution to the Group profitability by €1.6 million.

At a consolidated level, net results in 2016 showed losses of only €3.18 million, compared to losses of €22.1 million, in 2015.

Golden
Hall

SPRING IS IN THE AIR

Golden
Hall

Golden Hall

Golden Hall (41,000 square meters of GLA) is ideally located on Kifissias avenue next to the Athens Olympic Stadium.

Golden Hall has earned a national and international reputation defining the upscale shopping experience, since the most famous Greek brand names and the most renowned international ones - many of which are introduced for the first time to the Greek market through Golden Hall - have made the shopping center the new point of reference for quality shopping in Greece.

Golden Hall is recognized at a European Level in the European Shopping Center Awards (ICSC) and is awarded the first prize in its category. The Shopping Center is almost fully leased with a healthy pipeline of potential new tenants.

mediterranean COSMOS

Mediterranean Cosmos

Mediterranean Cosmos (46,000 square meters of GLA), is the biggest shopping center in Northern Greece.

The center is distinguished for the high number of shops, the diverse dining & leisure areas and the wide range of activities for families.

It is built and operates under a ground lease from the Ecumenical Patriarchate.

The center provides easy access from the city center and surrounding areas, while it is also easily accessible for tourists since it is five minutes away from the international airport and major highways.

Flisvos Marina

Just 6 km away from the center of Athens, Flisvos is Greece's first exclusive marina to offer large-scale mooring capacity for mega-yacht owners from Greece and abroad, while also offers high-end commercial properties and facilities enjoyed by yacht owners, Athenians, and visitors alike. LAMDA Flisvos Marina has undertaken the marina's management and utilization for 40 years, aiming to redesign and transform it into a premier marina in the South-eastern Mediterranean. The marina features approximately 303 berths, 50% of which accommodate mega yachts (boats and luxury yachts exceeding 35 meters in length).

The marine facilities in combination with mild development and a unique architectural style have contributed to the creation of a world-class marina that is attracting upscale tourism. The income from port and property management and exploitation in 2016 amounts at €12.13 million. Regarding the land infrastructure, an area of 56,000 square meters has been upgraded, including 3,800 square meters of GLA, where yacht owners and marina visitors can enjoy a diverse array of 34 units for shopping and leisure activities, such as restaurants, cafes, bars, leading brands and retail stores. This area is surrounded by 24,000 square meters of green, while more than 1,000 new trees were planted during its upgrade. Tenant occupancy in Flisvos Marina commercial areas reaches 100% with customer visits being particularly high. Flisvos Marina's commitment to a continuous development focusing on the quality of services,

safety and environmental awareness was recognized worldwide with the awarding of 5 Gold Anchors, obtaining the highest rating at the Gold Anchor Award Scheme program, as well as with the distinction "Clean Marina" (Clean Marinas Program) from the International Council of Marine Industry Associations (ICOMIA).

Flisvos Marina is being awarded with Blue Flag since 2007 and certified with ISO9001:2008 and ISO14001:2004 by Lloyd's Register Group since 2008 - making it Greece's first and only marina to hold both certifications.

Flisvos is also accredited with the "EFQM Committed to Excellence - 2 stars" from the European Foundation for Quality Management (EFQM). In 2016 Flisvos Marina obtained in Greek Tourism Awards the Gold Award in the category of Facilities Excellence.

Golden Hall – Offices, Athens

Office areas of the commercial and business complex Golden Hall cover a leasable area of approximately 4,500 square meters. They are divided into two separate wings and expand over three floors. The top-quality office areas are fully leased. Rental income amounts to €1.2 million.

Cecil Building – Offices, Athens

Bringing together history and modernity, the historic former Cecil Hotel in Kifissia, was converted into a luxurious and highly-functional office complex offering 6,000 square meters of leasable space. The building is almost fully leased, while rental income reaches €0.9 million.

Kronos Offices, Athens

The Kronos Business Center in Maroussi is an ultra-modern building offering 4,000 square meters of office and food & beverage space, large floor plates and comfortable offices. The building is fully leased to three multinational companies: Procter & Gamble Hellas, Hyatt Regency and Wella. Rental income amounts to €0.5 million.

Parking, Athens

The company owns approximately 1,055 square meters of underground parking space in the center of Athens. Annual rental income amounts to €0.1 million.

Athens Metropolitan Expo – Exhibition and Convention Center, Athens

LAMDA Development participates with 11.7% share in the Athens Metropolitan Expo share capital, which has undertaken, through concession agreement, to develop and operate the new Exhibition and Convention Center that has been constructed on the Athens International Airport premises. The center covers a total area of 50,000 square meters. Total investment amounts approximately to €35.4 million.

Offices, Bucharest

The office building is situated in a high-profile location, on the main highway that connects the center of Bucharest with the airport. The total above ground area of the building is 4,700 square meters of which 330 square meters are dedicated to retail shops on the ground floor. In addition, 39 parking lots on two underground levels cover another 2,000 square meters

Portfolio under Development

The Hellinikon

The vision of LAMDA Development for the development of the former Hellinikon airport is the design of a pioneering development for Athens, with emphasis on the creation of a world class Metropolitan Park covering an area of 2,000,000 square meters, as well as the enhancement of the Coastal Front, both fully accessible to the public.

The Project consists of an integrated urban development model that will combine the area's natural beauty and unique inherent characteristics with landmark buildings and state-of-the-art infrastructure. The 'green' and 'smart' design approach of the Project will offer world-class services and amenities while improve the standard of living of the entire Attica area's inhabitants.

The investment will include a diverse range of residential communities, hotels, shopping centers, family entertainment venues, museums and cultural venues, health and wellness centers, significant space for sports and recreation, a modern business park with

an educational and R&D hub as well as the total regeneration of the existing marina and the entire coastal front that will be , along with the Park , the major attractions of the site. The Project constitutes the largest urban regeneration project in Europe, designed to add significant new investments and uses in the areas of tourism, culture, entrepreneurship, innovation and in the environment. Thus, it is expected to have a positive effect not only on the region of Attica but on the entire country as well.

The investment amounts to €8 billion, and is expected to create 10,000 permanent jobs during the construction period and 75,000 jobs (IOBE study, July 2016) during its maturity.

Moreover, the Project is expected to substantially contribute to the repositioning of Athens as one of the major world class tourist destinations as it will provide a significant number of new units as well as thematic tourism venues, expected to attract at least 1 million new tourists while significantly reduce seasonality and at the same time increase the average stay over and spending of tourists in Athens.

The Hellinikon investment is expected to contribute to the country's GDP by 2.4% until the development's completion date, while contributing a total of over € 14 billion in taxes to the Greek State over the same timeframe. Global Investment Group is an international consortium of investors - the Chinese conglomerate Fosun Group, Eagle Hills from Abu Dhabi and Latsis Group – who have joined forces to undertake the project of redeveloping Hellinikon, Europe's largest urban mixed-use development project.

Golden Hall –

Shopping Center Expansion, Athens

The Development Plan involves the creation of approximately 11,500 square meters of GLA and 7,000 square meters of parking space. It will include - amongst others - an Olympic Museum and a large family entertainment venue, anticipated to enhance the standards of family entertainment in Athens.

The substantial and full commercial exploitation of the property is expected to add significant value to consumers and tenants alike and at the same time create more than 500 new jobs. The investment is expected to reach €25 million.

It is noted that in February 2013 the company invested an additional €81 million for the exploitation of the usufruct right of the entire former International Broadcasting Center (IBC) Building for 90 years.

Spata Prokalisi – Land for Mixed Use Development, Athens

LAMDA Development owns an 85,000 square meters plot of land within Spata Business Park, at Voulia Prokalisi location, on Pikermi Avenue. Following the urban planning that has already been completed, the site has been divided into two plots, where developments covering 50,700 square meters are allowed to be built.

The permitted land uses allow for the development of retail, office, leisure and entertainment uses. The company evaluates alternative options which include the sale of the property as is or the development and sale of a tailored made building(s) subject to prior agreement with end user(s) within the abovementioned framework.

Alkyonides Hills - Second Home Development, Island of Aegina

LAMDA Development holds a 116,000 square meters plot of land in the Perdika district of Aigina, on the south-west part of the island. It is just a 15 minute drive from the Port of Aegina and a 5 minute drive from the fishing village of Perdika. All services, facilities and entertainment venues are reached within 15 minutes, while Klima and Sarpa beach are within 5 minutes' drive. Alkyonides Hills is the only buildable resort in Greece, due to planning permit granted by the state (Presidential Decree Government Gazette ΦΕΚ-752/Δ/2-10-95). It also holds a valid Environmental Impact Study Permit.

Designed by the award winning architect Alexandros Tompazis, it consists of 3 differentiated residential communities: Anthe, the luxury villas, Methone, the villa suites and Asteria, the garden villas. The rest of the plot is dedicated to the guest houses, the recreational-sport activities area and the square of the community with its restaurants, first-need shops and kid's playground. The total covered areas are just 18,000 square meters and the built areas 22,000 square meters, leaving 85% of the land to nature, pedestrian paths and green areas.

Viltanioti Str. – Land for Office Development, Athens

LAMDA Development owns a 50% stake in the share capital of LAMDA Akinita, which owns an 8,500 square meters plot of land in Viltanioti street, Kato Kifissia. A valid building permit allows the construction of an office building offering more than 10,200 square meters of surface area. The company evaluates alternative options which include the sale of the property as is or the development and sale of a tailored made building(s) subject to prior agreement with end user(s) within the abovementioned framework

SERBIA

Luxury Hotel Complex and Residences, Belgrade

LAMDA Development acquired a property covering 43,000 square meters located in the center of Belgrade, Serbia. The property, which was purchased through a State public tender, is adjacent to the historic main tourist attraction of the City, the Kalemegdan Castle, overlooking the junction of Sava and Danube Rivers. The entire area of the Castle and its surroundings is considered as “protected” by the Serbian Heritage Institutions and is being treated with most importance and sensitivity by State Authorities and public sentiment. The property is less than 1 km away from Belgrade’s main high street retail pedestrian road (famous Knez Mihajlova). Therefore the site, literally being on the edge of the City Center, enjoys relative seclusion, beautiful views over Kalemegdan Park and the rivers’ intersection, while being a short walk to the main shopping street as well as the main entertainment street of Belgrade.

The property used to belong to the former State textile company named BEKO which had its factory within the plot, an imposing high ceiling 5 story building facing the Castle, which will be reconstructed to host the hotel. Total area of the project is expected to reach 100,000 square meters. LAMDA Development carried out the planning of the entire urban block and produced accordingly a Master Plan Urban Analysis of the immediate and wider surrounding urban context that resulted in the Concept Design for the Project. The project will consist primarily of high-end residential dwellings accompanied with a five-star branded hotel, a downtown retail mall concept and offices.

Urban Development Project – Belgrade

Singidunum Buildings DOO Beograd (55% participating interest of LAMDA Development, EFG Eurobank group as partner with 45% participation) owns land of approximately 3,400,000 square meters in the close surroundings of Belgrade (17 km from the City Center), next to the airport and specifically in the area where the new ring road of the city has been constructed. It is expected that this investment will provide the company with considerable capital gains since it has been recently included in the city of Belgrade General Urban Plan and relevant land development through Detailed Urban Plan adoption is foreseen.

BULGARIA

Commercial Development – Office Building, Sofia

GLS OOD (50% participating interest of LAMDA Development, GEK as partner) owns a 13,500 square meters plot of land in Sofia, and more specifically on the city's newly developed ring road, where 24,000 square meters of commercial and office space will be developed. The recent widening of the ring road along with the new roundabout literally in front of the site is expected to boost commercial interest for the project.

Mixed Use Development, Sofia

LAMDA Development owns a 6,300 square meters plot of land in the CBD of Sofia, with access to the City's two main highway routes just 1 km away from the City Center. On this site, an office building will be developed with retail areas on the ground floor, covering an area of approximately 30,000 square meters. At this stage, all prospects of securing pre-lease agreements are being examined which will determine the building's final specifications and implementation time framework.

ROMANIA

Residential Development, Bucharest

LAMDA Development owns an 11,500 square meters plot of land in the northern part of Bucharest, overlooking the Baneasa forest where a number of upscale residential projects have been developed. The residential complex will consist of approximately 28,000 square meters.

Logistics Building, Bucharest

The site, land of 102,500 square meters, is on the 23rd km of the Bucharest-Pitesti Highway, in West Bucharest where the majority of all new industrial / logistics projects have been developed. On this site, a modern warehouse of 56,000 square meters will be developed.

MONTENEGRO

Second Home Resort, Montenegro

LAMDA Development owns a 10,500 square meters plot of land in Budva, Montenegro, where the plan is to develop a luxurious secondary home resort scheme. The plot overlooks the famous Sveti Stefan Island, where recently Aman Resort opened a five star hotel. The project is presently at the stage of city of Budva plan adoption and it was recently included in the state of Montenegro Spatial Plan.

Corporate Governance

The principles upon which the Company's corporate governance is based are considered necessary by the management of LAMDA Development, both for the control of the management's decisions and actions, as well as for the protection of the Company's shareholders and the general public.

LAMDA Development has applied corporate governance principles and processes since its inception, long before these were introduced to Greece, with Law 3016, based on internationally recognized criteria and regulatory frameworks, such as those applied by listed companies on international stock exchanges.

The Company, pursuant to Law 3873/2010 has enacted and implements a Corporate Governance Code, which is uploaded in its website, www.lamdadev.com.

Board of Directors
